for his valuable services and trusted that should there be a recrudescence of plague on the Fields that Government would see their way to again appoint him as special plague officer. I also beg to observe that as the plague police on the Fields are now considerably reduced in numbers, I would propose their being handed over to the Assistant Superintendent of police, who will receive directions to work them in accordance with Mr Rangaiah's wishes. I would also beg to propose the withdrawal of Mr Selvey assistant plague officer, as Dr Krishnaswami Iyer is of opinion that one assistant will be sufficient now.
